

Pearl N. - Nurse

My name is Pearl Nunez and I've been with California Casualty probably for a year, maybe even less.

I switched because I checked out all the rates from the different companies and California Casualty was the best.

Life can get very complicated, as a nurse, and California Casualty makes it easy for me on a monthly basis.

I don't have to write any checks, it's great! Easy, my life is easy, and California Casualty does that for me.
